Atlas | SOP

SYNTHETIC TEST DATA | atlas-backup-v1

Effective: 2026-01-01 | Expires: 2026-12-31

Backup verification

Step 1: Open the local backup console. Step 2: Check the most recent backup result. Step 3: Record the job ID and completion time. Step 4: Escalate failed jobs to the service manager. Do not restore production data during verification.
